

## BRIAN S. GLATT, MD, FACS

**B**oard certified plastic surgeon, Dr. Brian Glatt, brings the latest cosmetic and reconstructive techniques and extensive experience in plastic surgery to his patients. His specialties include cosmetic surgery of the breast, body and face, injectable fillers and Botox, breast reconstruction, and pediatric plastic surgery. He has appeared on CNN, E!News, CBS News and Entertainment Tonight discussing cosmetic surgery topics relating to celebrities and the media. Dr. Glatt consistently achieves outstanding, yet natural results for his patients. His innate ability to visualize how subtle changes can dramatically improve one's appearance as well as his individualized, personal approach for each patient is what sets Dr. Glatt apart.

The heart of his practice is a patient-centered approach to care. Dr. Glatt makes it a priority to provide a warm, caring environment where the comfort and privacy of each patient is paramount. Every patient receives VIP service from Dr. Glatt's outstanding staff, and patients often return for additional procedures and refer their friends and family to Dr. Glatt for his exceptional results and care.
