Board-certified plastic surgeon Dr. Brian Glatt—a *New Jersey Monthly* Top Doctor for six consecutive years—brings the latest cosmetic and reconstructive techniques and extensive experience to his patients. His specialties include cosmetic surgery of the breast, body and face; injectable fillers; Botox®; breast reconstruction; and pediatric plastic surgery. His practice offers noninvasive fat reduction with CoolSculpting® and Kybella™, and skin tightening with Ulthera®, plus medical-grade skin care and microneedling skin rejuvenation.

Dr. Glatt, who has appeared on CNN, E!, ABC, CBS and NBC, consistently achieves outstanding, natural results and has an innate ability to visualize how subtle changes dramatically improve appearance. “The most fulfilling part of my job is helping patients achieve positive changes,” he says. “The aesthetic outcome runs deeper than the outer appearance and can profoundly impact one’s self-image. It’s an honor and extremely humbling to be part of each person’s transformation.”

The heart of Dr. Glatt’s practice is his individualized approach to patient care. He and his staff provide a warm environment where comfort and privacy are paramount. Patients are Dr. Glatt’s best referral source, recommending family and friends and often returning for additional procedures themselves. Nominated by his patients, Dr. Glatt was honored by the American Cancer Society for his commitment to caring for breast cancer patients. He holds academic appointments at Thomas Jefferson University and Rutgers NJ Medical School.
