Subject: Kira

I just wanted to take a moment to say how grateful I am to all the staff in Dr Glatt's office. You are all rock stars. I am so thrilled to have met Kira for the final part of my reconstruction. I was a little nervous to have the tattooing done. Kira was so professional and caring. She heard all my concerns and assured me I'd be just fine. Which I'm pleased to say I am. A huge shout out to the best Doctor and staff your encouragement carried me through all the darkness. Forever grateful! [REDACTED]
